Membership base of FTSE 100 companies to freelancers.

the Future Work

Chris Lukins

Owner of Venture X White City, London

"I'm the first Venture X franchise partner in the UK, and I couldn't be more excited about it. Thanks to the support from Venture X I felt fully prepared for the job at hand before I even opened the doors at Venture X White City. I'm genuinely excited to drive forward the coworking market in the UK, and can't wait to see what Venture X does next in the UK."

Nadim Ahmed

Owner of Venture X Dallas by the Galleria

"I was the owner of the first Venture X in Dallas, but within a year and a half I'd doubled the size of my workspace. As of right now, all of my larger offices are occupied and coworking space usage is strong and steady. The support of Venture X management was instrumental in getting me to this point, but I feel comfortable that I've got things handled from here."

The next steps

If you're interested in helping us build the future of UK workspaces and capturing the rapidly growing demand in the coworking sector as a Venture X franchise partner, here's what the process looks like:

- 1** *Get in touch with me on the details below for a free, friendly, no-obligation chat about the opportunity*
- 2** *Request and receive more information, including a full franchise opportunity prospectus*
- 3** *Decide where you want to create your Venture X, and we'll begin working with you on the finer details of construction and fit-out*
- 4** *Receive in-depth training from the Venture X team, splitting your time between our HQ in West Palm Beach, Florida, and our UK flagship in Chiswick Park, London*
- 5** *Get ready to open your very own Venture X location, with our ongoing support in marketing and operations keeping you on-track*
